## **-State Report Card**

For several school years, the Bellevue City School District has met virtually all of the state performance indicators. This accomplishment has allowed the Bellevue City School District to be recognized by the state of Ohio as an *Excellent* school district. Many of our buildings have been rated as *Effective*, and most recently Shumaker Elementary was rated “*Effective with Distinction*” the highest rating which the Ohio Department of Education awards. All of our school buildings have NCA (North Central Accreditation). Our school district is comprised of three elementary buildings, Ridge, Shumaker, and York, one Middle School building, and one Senior High School building.

## **-Student Enrollment**

There are approximately 2,200 students who are being educated in the Bellevue City Schools. Our students come from four different counties which include Huron, Erie, Sandusky, and Seneca County.
